Dear Kevin,

Just a note of appreciation for your help in the process of obtaining the conservation easement on my Montana property.

Several things stick out in my mind regarding the excellent caliber of your services. First of all, following my relatively late call, you responded promptly and managed to get the estimate and the preliminary stage completed before the end of the year cut-off point. I have also taken the time to carefully read through the entire second stage summary, and my son, Brian, and I are impressed, more than we know how to say. As astounded as I was, upon being advised of the cost of this appraisal, I can now see and understand its genesis. I cannot remember ever having seen a finer piece of work. As I discussed with my accountant, I believe that an IRS agent, or anyone else who scrutinized this work, with the goal of finding potential areas of repudiation, would cease and desist, both discouraged and exhausted! Finally, the explanatory letter and the forms that you executed, along with the instructions of how they should be put to use, were extremely professional and helpful.

I guess I could sum it all up by saying that it was an extremely fine piece of work and one for which I am deeply grateful. Certainly, if

PEARCE, MR. KEVIN
Page 2.

I should ever have the occasion to make recommendation to someone for an appraiser, your name will occupy the entire top tier of the list.

Thanks again, and best wishes for a happy and prosperous 2006, and many years come

Sincerely,

A handwritten signature in cursive script, appearing to read "Rusty Weeks".
